

LIBRA 65 All Purpose

Mignon LIBRA Range

- 1 **65 mm All-Purpose blind burrs**, the key to achieving the lowest retention ever and always getting the best from your coffee. Designed to provide excellent result for all type of brewing methods. **NEW!**
- 2 **New versatile in height fork**, providing maximum stability and ensuring compatibility with both portafilter (for espresso) and All Purpose Cup (for filter coffee), according with consumer preferences.
Height adjustment without extra tools! NEW!
- 3 **New Aluminium King-Size Dial** **PATENTED** with rev counter designed for superior comfort, extremely precise grind size adjustments, and an ease of switching between different brewing methods. **NEW!**
- 4 **Metal dosing cup (80 gr)**, with external ring to easily transfer the ground coffee into espresso machine portafilter, combined with “anti-chaft” dosing funnel to avoid coffee waste. **NEW!**
- 5 **Zero waste:**
 - 1. Unique Anti-Vibration System that allow to complete the shot also in case of disturbances or hits on the portafilter.
 - 2. Immediate stop of the grinding process in case of filter holder removal, **exclusive of IGW Technology.** **PATENTED**
- 6 **Super Quick** able to weigh the grind coffee into portafilter while grinding in real time.
- 7 **Easy to use**, thanks to an intuitive touch display, designed to:
 - 1. Set the quantity for both single and double shot;
 - 2. grind by weight even in continuous mode;
 - 3. switch from single to double (and vice versa) during the grinding process, without any coffee waste ;
 - 4. Start and Pause mode, easily and quickly.
- 8 **Precalibrated** during production for easy, ready-to-use operation.
- 9 **Extremely precise** with +/- 0.2 grams of variation, to minimize the coffee waste and always achieve the expected result of your recipe.
- 10 **Fall-proof bean hopper** (350 gr).
