

TPD-30

Large Capacity
It's perfect for high-volume environments in which you need to keep beverages at optimal temperatures for hours. Faucet guard helps prevent cross-contamination. Reinforced handles and lid make this dispenser easy and safe to transport.

Portability
The TPD series is designed to be solution for extending your beverage service into virtually any location.

Lock in Freshness
Literally lock-in freshness, flavors and maximum holding temperatures during transportation with the exclusive twist top cover with safety lock feature.

The rugged 3.0 gallon size dispenser is compatible with all FETCO 3.0 and 2x3.0 gallon EXTRACTOR®, Handle Operated and IP44/Maritime series brewers. The TPD series is an excellent choice in that allows you to confidently extend your high quality beverage service into virtually any remote indoor/outdoor venue or service environment.

The interior construction features a high-quality stainless-steel liner with superior insulative properties for optimum retention of hot or cold temperatures. The rugged stainless steel outer body construction withstands harsh conditions associated with daily use, cleaning, handling and transportation.

Designed for portability, each dispenser features 2 horizontal comfort-grip carry handles mounted permanently to the sides with an additional handle built in to the locking twist top cover. You can literally lock-in freshness, flavors and maximum holding temperatures during transportation with the exclusive twist top cover with safety lock feature.

Front mounted sight glass allows the operator to monitor internal liquid levels to help maintain uninterrupted beverage service. A built-in faucet guard helps prevent cross-contamination by keeping container lids away from the spout.
