

BDI™

Blender + product dispenser with ice

The smartest, simplest way to create frozen drinks.

Forget the ice scoops and measuring cups. The Blendtec BDI includes everything necessary for your complete blended drink program. With the touch of a few buttons, employees will quickly and perfectly blend dozens of high-margin smoothies, coffee treats and alcoholic drinks like margaritas and daiquiris. No scooping, no measuring, no problem!

The perfect solution for high-volume perfection.

In a busy foodservice environment, speed and consistency are everything. We designed the super-high-powered Blendtec BDI™ to deliver it all at the touch of a button. So employees can focus on serving customers while the BDI does all the work – blending more than two frozen drinks per minute (or more, when making doubles or triples)!

POWER

- Powerful 15-amp direct-drive blender motor
- 1800 Watts

CONTROLS

- Easy-to-use cycle selection and one-touch operation
- Precisely blend your products with ice and water
- USB port for easy programming changes and recipe updates

QUIET

- Fully enclosed, easy-to-clean blending station

DISPENSE

- 8 peristaltic pumps for any type of syrup, juice or alcohol
- 25 lb. insulated ice hopper
- Direct water line (requires pressurized water source)

CUSTOMIZE

- Custom jar graphics available
- Create up to 64 different menu options in multiple sizes
- Large, flat surface available for custom graphics
- Compatible with Blendtec's patented FourSide™ and WildSide™ Jars

Add dozens of high-margin menu items.

Dispensing up to eight different shelf stable, bag-in-the-box products at a time, the BDI is the all-in-one way to instantly expand your drink menu offerings. Achieve the perfect mix and consistency every time with up to 64 different flavor combinations. There's sure to be a favorite for each and every customer!
